

SEEN, HEARD AND TOLD

By W. W. WHITAKER
When he feels like it.

Mrs. L. E. (Dorothy) Stevenson, substitute.

All Grenada is anticipating a new "show place" type of home in Hoffa Heights, being built by Ann and M. M. Batson. We understand they will use bricks from Greenwood Leflore's old home, Malmalson, in the construction. Grenada has never had a more artistic home maker than Mrs. Batson.

Donald Lockett has put Grenada on the golfing map again. Sunday, his score in the qualifying matches was an astounding 64 for 18 holes. It's true what Charles Perry says - that the golfers from other towns near Grenada just don't play us anymore because we have beaten them so much.

The Editor and Mrs. Sam McCorkle are backing different candidates for governor again. Mrs. McCorkle will campaign this summer for her perennial favorite, Ross Barnett. The Editor is counting on J. P. Coleman to win. In another part of the, or in next weeks issue, we are reproducing a feature story concerning Mrs. McCorkle.

Andrew's helper, Fred Austin, has strange tastes. All of us just hate to run the job presses, a very monotonous job, but Fred would rather run the press than eat.

Congratulations to McCormick Chevrolet Co. for beautifying their already nice place of business. The renovation job is coming at a very appropriate time - during cleanup, paint up, fix up week.

We are all pulling for Rice Pressgrove, who is one of the county's most popular men.

A lot of people will miss George and Patsy Granberry and children when they move to Memphis, but are glad with them for George's promotion.

Mabel and I were married 37 years ago Monday (May 9). She has been a good wife all these years and is getting better.

I certainly miss Lying Daves, the Cadillac farmer and my Cadillac doctor and the gdperepublicans who have peopled these pages so long.

I don't know whether Daves has ruined Kent as a druggist or Kent has ruined Daves as a jeweler by going fishing together, but there has been a profound change in both of them.

Appreciated hearing from several old friends this week. Mrs. Maggie Wood of Hattiesburg, Mr. H. J. Ray Sr. and Elise Lockett, the main spring of Lockett Lumber Co.

2:15 p. m. Monday, right now I would like to have a "red devil" pill, but Mabel won't give it to me.

Andrew just came to see me and he is giving me growing confidence in my bad leg. Andrew is a fine boy.

Mabel and I want to go fishing and take Miss Modie and Ethels cook Beauty.

Bless Hemphill Abel for coming to see me so often.

Bless Mabel for keeping my pipe lit, and for being the best RN in the country.

Bless Dr. Avent who is doing the best with me under the circumstances. I want to say that I would be better off if I had paid more attention to my doctors.

I want to say that I am sorry Miss Modie got hurt in a car collision.

Spivey Kent and lying Daves set me afire Tuesday afternoon when they were here at my house fixing to go fishing, and asked me to go along.

In California, Dorothy said that they eat the turnips and throw the green away.

I hear so many things being done by folks far older than I, that I'm getting ashamed of myself, like Mr. J. H. Horn and Miss Mary Knox.

Messrs Sax and Hamp Weir attended the funeral of their friend Mr. Bob Ingram in Memphis Wednesday. Mr. Ingram was a native of Grenada County.

—This Series Sponsored by Jitney-Jungle, Grenada.

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it. While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family. If you need other photographs of the above, either the size shown, or larger or smaller, the GCW can, and will arrange for them. A reasonable charge of course will be made for these reproductions. Let us show you samples.

Clean Up; Fix Up; Paint Up Campaign Underway

Every resident of Grenada is being asked to take part in the current Clean-Up, Paint-Up, Fix-Up campaign being sponsored by the Chamber of Commerce in order that the increasing number of tourists will be more favorably impressed with our City Beautiful program.

The program got underway Sunday with ministers of all Grenada Churches asking their congregations to take part. Monday, students and High School band members paraded uptown to further publicize the campaign.

Tuesday, the emphasis was on safety and fire prevention; Wednesday was repair and modernization day; today was the day to clean up yards.

Friday will be landscaping and planting day; Saturday, pick up day; Sunday, Church Day with the theme, "Cleanliness is next to Godliness"; Monday, vacant lot day; Tuesday, paint up day; Wednesday, health day; Thursday, industrial day; Friday, check up day; Saturday, inspection day.

A. J. Hammonds is chairman of the CU, PU, FU program. Mr. Hammonds met with the following individuals last Wednesday to plan the campaign: Mrs. Morris Hubbard Chamber manager; Monroe Looney Chamber president; Dr. C. L. Walston, Negro Chamber president and Earl Ammons, Negro Clean Up program chairman.

Little League To Open Play May 31 With Double-Headers

The Little League will open its season May 31 with a double header at the Fairgrounds. Four teams each in the "American" and "Dixie" Leagues will have play offs. It was decided Monday at the Grenada Rotary Club meeting.

Bill Hannan, president of the League's Board of Directors invited anyone interested to sponsor or help sponsor a team or donate funds to one of the teams.

Any boy between the ages of 8 and 12, physically fit, is invited to try out for one of the teams.

At present, doubleheaders are planned for 6 and 8 p. m. every Tuesday and Thursday.

The 15-week course provides training for newly-commissioned officers who have not served with troops. It instructs the officer in the responsibilities and tasks of an infantry unit commander.

Lt. Garner, a 1934 graduate of the University of Mississippi and a member of Phi Delta Theta fraternity, entered the Army last November. He arrived in Frankfurt, Germany last Wednesday to take up his duties with the Infantry.

HAMER MCKENZIE ANNOUNCES FOR PUBLIC SERV. COMMEN

We call your attention to our announcement column in which appears

the name of Hamer McKenzie of Ashland as a candidate for Public Service Commissioner for the Northern District of Mississippi. The following is taken from the Southern Advocate, Ashland, Mississippi, dated May 10, 1955.

The Southern Advocate is pleased to announce the candidacy of Hamer McKenzie for Public Service Commissioner for the Northern District of Mississippi. We feel Benton County is honored to offer to the people of the Northern District one of its outstanding citizens.

Hamer McKenzie served his country during World War II, entering the Army at the age of 18 immediately upon his graduation from Ashland

High School. He served as an enlisted man for a period of three years, two of which was spent in the European Theater of Operation. He was discharged from the Army in 1945 and immediately entered the University of Mississippi as a freshman and remained there until he received his Bachelor of Laws degree in January, 1951.

In 1947 he was overwhelmingly elected by the people of his home county to serve as their Representative in the State Legislature. During his term of office many progressive steps were taken in the interest of the people of our county and state. We credit the position of leadership that he assumed during his term with much of our progress.

In 1951 he was elected County Attorney for Benton County without opposition, which office he now holds. Recognizing his ability as a leader the State Democratic Executive Committee singularly honored him in 1952 choosing him to lead the fight for the Mississippi Democratic Party in the general elections of that year. He was State Campaign Director for the Democratic Party of our state. For meritorious service rendered during that campaign the Democratic National Committee honored him with an appointment to the Advisory Council of the Democratic National Committee.

In addition to the foregoing positions

of leadership that our native son has assumed he is now serving as County Attorney of Benton County, Attorney for the Benton County School Board, and as Attorney for the Board of Mayor and Alderman for the Village of Ashland. He is a Master Mason, Woodmen of the World and a steward and Lay Leader in the Methodist Church. He is married and is the father of three children.

To his home people he needs no introduction, but to the people of the other counties of the Northern District we recommend him as a courteous, capable and competent public

Homecoming And Memorial Services Held Sunday

Another year has quickly passed since friends and relatives assembled at Gore Springs Church to attend memorial and homecoming services and to place flowers upon graves of loved ones.

Again on Sunday, May 8, the cemetery was a beautiful garden of yellow coriopsis, a flower that has graced this hallowed spot many years on this special occasion. Left by the caretaker, the plants grow where seed falls - on graves, by the graves, against the fence, in the walks and in glorious simplicity afford a picture of unexcelled beauty.

In tones of sincerity and peacefulness the Rev. John Wesley Youngblood again delivered the message of truth to a large congregation.

Among the visitors present were Mr. Guy Fite, Mr. and Mrs. Ward Fite and son, Charleston; Mr. and Mrs. Larue Fite and daughter, Holcomb; Mr. and Mrs. Lewis Brewer and daughter, Oakland; Mr. and Mrs. Bill Young and children, Kentucky; Mrs. Tommy Motman, Eloise Motman; Mrs. Annie Mae Ferguson, Vera Ann Ferguson, Mary Jane Wilson, Mr. and Mrs. Elston Tharpe and daughters, Mr. Wallace Lamon, Mr. and Mrs. Frank Neely, Mr. and Mrs. John Taylor, Mrs. T. H. Hamby, Grenada; Mr. and Mrs. M. B. Rook and daughters, Columbus; Mr. and Mrs. Walter Moore, Ruxford; Mrs. Willie Moore and son, Morgan City; Mr. and Mrs. Lewis Moore, The Plant; Mrs. Agnes Hayward and son, Mrs. Gant Elliott; Mrs. Dora Sutton, Sober; Mrs. Nola Simpson, Sallis; Mr. and Mrs. F. C. Tyler, Mr. and Mrs. Harold Ray, Tyler, Canton; Mr. and Mrs. Alton Carroll, Billy Gene Carroll, Lexington; Mr. and Mrs. Bill Walton, Raymond; Mr. and Mrs. Fred James, Mr. and Mrs. Walter Cooley, Greenwood; Miss Alma James, Webster Co.

Mrs. Nola Simpson of Sallis is a sister in the home of her brother, Mr. T. P. Haff. She was accompanied to the home May 1 by granddaughter Nancy Simpson, Sallis and Mrs. Della Whittle, Durant.

Saturday afternoon, Mrs. D. M. Trussell, Mrs. Roy Chamberlain and Mrs. Chamberlain were accompanied by Mrs. Walter Cooley and two children to Greenwood in a visit with Mrs. Blanche McCormick and Jettie Trussell of Coffeyville.

Home Demonstration Members Tour Gore Springs

Gore Springs Community was complimented in the afternoon of May 6 when Grenada County Home Demonstration Club members toured for the first time many places of interest in observance of National Better Homes Week. Led by Mrs. Bervil Elder, home agent, the group visited at the following homes: Mr. and Mrs. N. P. Shappley, Mr. and Mrs. Billy Shaw, Mr. and Mrs. E. C. Canton, Rev. and Mrs. G. H. Middleton, Mr. and Mrs. James Williams, Mr. and Mrs. E. L. Trusty, Mr. and Mrs. Hiram Davis, Mr. and Mrs. Tom Gillon. They visited the roadside park, Gore Springs Post Office, and the card shop. Mrs. J. J. Moore's yard, Keeton's Dairy and Keeton's pond. Ice water was served at the staff office and upon reaching Keeton's pond, Gore Springs club members served cookies and punch to their many guests.

Mr. and Mrs. Billy Brannon and daughter of Jackson are guests of Mr. and Mrs. T. H. Brannon.

UNION LEADERS ARE DODGING THE ISSUE IN THE TELEPHONE STRIKE

They Are issuing a lot of misleading statements about the Company's position on arbitration.

These statements don't check with the facts. Look at these facts --

Ever since we've had a contract with the Union, the true intent and meaning of every provision of every agreement between the Company and the Union has been subject to arbitration.

BEFORE THE STRIKE STARTED

Southern Bell proposed that any disciplinary action resulting from violations of the no-strike clause demanded by the Company would be subject to arbitration.

Before the strike started — Southern Bell proposed that all suspensions of employees, regardless of the cause, would be subject to arbitration.

In spite of what the Union leaders have said, the truth is that before the strike started, Southern Bell proposed full and complete arbitration on every type of discipline that could be imposed under the new contract.

In fact, not only all discipline but practically every other item in the new contract proposed by the Company before the strike started was made subject to arbitration. The only items on which no arbitration is available under the Company proposal are the pension plan, leaves of absence, Company compliance with health, safety and fire protection laws and demotions and discharges during trial periods — matters which the Union and the Company have agreed over the years in collective bargaining should not be left to the final decision of an arbitrator. This is all a responsible Union should want.

BUT THIS UNION WANTS STILL MORE

They are going so far as to demand that an arbitrator be called in now to decide what the terms of the new contract shall be. He would, in effect, write a whole new contract and his decision would be final. There his responsibility ends.

Southern Bell's management is charged with the sole responsibility for providing communications services in the area the Company serves. It cannot surrender that responsibility to others. Our obligation under the law cannot be delegated. We must retain the right to make the final decisions essential to the sound and effective management of this public service.

Th issue in this strike is simple and clear — will Union leaders live up to a contract once it is signed?

Southern Bell guarantees good wages, good working conditions and other contract benefits. In return it asks only that Union leaders agree not to disrupt service to the public by strikes while the contract is in force.

This they refuse to do on any reasonable basis. They still demand the right to call workers off the job whenever it suits their purposes, while the contract is in effect. They want the contract to be binding on the Company but not on them.

"SOIL STEWARDSHIP SUNDAY"

By Rex R. Blue, SCS

Next Sunday (May 15th) will be observed throughout America as Soil Stewardship Sunday. Through all the ages, man has offered humble thanks to the Creator for the priceless gifts of soil, water and sunshine that make all living things possible.

In all lands, man has paused on certain days or seasons to remind himself of his sacred obligations to

himself and to the land's earth which sustains him and his movement.

God's gift to mankind has provided man with the means of life, so that his natural resources are developed and used in a rational manner, for the benefit of all mankind.

As they come from the Land of the Supreme Creator, man and nature constitute a harmonious whole joined together by laws which can not be violated without destroying the equilibrium essential for survival.

Land is God's greatest material gift to mankind. It is a fundamental source of food fiber and fuel. Land is a very special kind of property. Ownership of land does not give an absolute right to use or abuse, nor is it devoid of responsibilities. It is a stewardship. The land steward has a duty to enrich the soil he tills and hand it down to future generations in better condition than he found it.

CARD OF THANKS

To my many friends who sent me so many letters and cards of sympathy in my bereavement after the death of my husband, now I'm left alone, but God is with me.

May God bless each and everyone in my prayers.

—Mrs. Laura Clark Goforth.

OBSERVANCE OF 20th ANNIVERSARY OF KEY BROTHERS FLIGHT IS SET

The 20th anniversary of the most important single aeronautical achievement in Mississippi history, the establishment of the world record endurance flight by Al and Fred Key in 1935, will be observed in Meridian on June 30-July 2, inclusive.

The famed Key brothers established the yet unbroken record of 653 hours and 34 minutes aloft on July 1, 1935, after two heartbreaking unsuccessful attempts.

Several thousand aviation enthusiasts from all over the nation are expected to join Meridians in paying tribute to the Meridian boys who performed the feat in a Curtis Robin aircraft with a Wright Whirlwind engine over what is now known as Key Field.

The sturdy plane, known as the "Ole Miss", is now being taken out of mothballs and will be completely rebuilt for its last flight to a rendezvous with history in the Smithsonian Institute, where it will rest alongside such great aircraft as Lindbergh's "Spirit of St. Louis" and the machine first flown by the Wright Brothers at Kitty Hawk over 50 years ago.

The program, sponsored by Meridian civic clubs, the Junior and Senior Chambers of Commerce, veteran and military organizations, will open on the evening of June 30th and will be climaxed on July 2nd when the "Ole Miss" will be piloted to Washington by the Keys for acceptance as an exhibit at the famed museum.

The record-breaking flight of the Key Brothers began quietly enough on June 4, 1935. But when they came down 28 days later more than 10,000 highly excited spectators were jamming the Meridian airport.

Born in Kemper county near DeKalb, the Key Brothers had been flying about 10 years when they took the "Ole Miss" aloft on its historic flight.

The 1935 victory was not accomplished easily, however. In fact, it was won on their third attempt. They were forced down by engine trouble once after approximately 100 hours in the air. On a second attempt they remained aloft for 200 hours before bad weather grounded them.

Previous official records had been set by the Hunter Brothers, General Carl Spatz, Reg Robins, and others, but the mark established by Al and Fred Key was so far beyond any of these that it has never since been beaten.

The feat, far from serving merely as a stunt, has contributed greatly to the furtherance of aviation. Refueling of jet bombers in air today might not be as commonplace were it not for the determination of the Meridian brothers.

Both of the Keys to this day are contributing to the furtherance of aviation after chalking up enviable military records.

Fred and Al, on the morning of Pearl Harbor attack, were flying B-17 bombers to Newfoundland

land to be delivered to England. These ships, of course, were diverted, sent to the West Coast and to the South Pacific. In service there during almost all of the air conflict, both were awarded the Distinguished Flying Cross. In the latter stages of the war, Al was transferred to England where he commanded a heavy bomber squadron.

Since the war, Fred has made his home in Meridian where he is manager of the Municipal Airport, Key Field, and operator of Key Brothers Flying Service. Al, a colonel in the Air Force, at the present is stationed at Bogota, Colombia, South America, where he heads the United States Air Mission to that country.

For a number of years prior to this assignment, he was with the All-Weather flying service experimenting in blind flying, cosmic ray research, and was for some time stationed in the Pentagon in Washington.

The observance next month will be participated in by all of the men who took a major part in the endurance flight. Among these are Captain Eddie Rickenbacker, Colonel Roscoe Turner, Luke Williamson and Bill McDonald, wingmen with General Claire Chennault's old "Flying Circus". Also on hand will be A. D. Hunter, who worked with Al and Fred to convert the Curtis Robin into the "Ole Miss." He is now working to help restore the craft.

The committee in charge of the observance has also announced plans for securing an outstanding exhibit of modern type commercial and military aircraft.

In establishing their record the Key brothers travelled the equivalent of more than two trips around the world, consumed 5,000 gallons of gasoline and 300 gallons of oil, and made 438 contacts in air for re-fueling.

FOR SALE

IT'S ALL BUICK

-AND ALL YOURS

for only

\$2485.00

delivered locally!

YOU certainly can throw out your chest and call this strapping big Buick yours.

Because—as any comparison shows—the dollar difference between this brawny beauty and the well-known smaller cars is now virtually erased. So if you've been holding back, thinking a Buick was out of reach—let yourself go. You can afford a Buick if you can afford any new car—and the price we show here proves it.

Buick Sales Are Soaring To New Best-Seller Highs

That's a major reason for the phenomenal success of Buick today. So much so, that production and sales are hitting new peaks to move Buick more firmly into the tight circle of America's best sellers. And a companion reason for this soaring popularity is Buick's full line of cars to give you a choice in any price class—the bedrock-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

But pure and simple, it's all the automobile you get for your money that's winning so many new owners to Buick.

It's the extra pride you feel, the extra room you enjoy, the extra comfort you get, the extra safety you sense—from Buick styling, Buick size, Buick ride-engineering, Buick solidity of structure.

It's the extra lift and snap and ginger you get from Buick high-compression V8 power—and the fun and thrill of bossing such eager might.

As we said—if you can afford any new car, you can afford a Buick—even with the spectacular performance of Variable Pitch Dynaflo[†] at modest extra cost.

So why settle for anything less than a Buick? Drop in on us, take the wheel, press that pedal, and see for yourself what a whale of an automobile—and a whale of a buy—today's Buick really is.

[†]Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series

DID YOU KNOW—

—that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?
—that the Buick SPECIAL is priced below some models of the three well-known smaller cars?
—that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

Thrill of the year is Buick

You can do your own felling and bucking, or tackle some really big timber with a helper, by adding the quickly detachable one-piece tailstock. From the second you pull the starter you'll know that this light, rugged work-horse meets the needs of modern farmers, timbermen and industry for a lighter saw with the speed and power of much heavier units.

For fast, effortless cutting, you can't beat the DA-211! The Mercury gasoline engine is a real power house... perfectly balanced, no vibration. It makes a real labor-saving combination with Disston's fast cutting chipper chains.

Try out the Disston DA-211 and see for yourself!

It's available in either "C" or "L" type chains; guide rail lengths of 2 to 7 feet.

"HOUSE OF VALUE"

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR® stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!
